Season 1924

This Season we are not sending out a new catalogue, but have revised prices and issue this supplementary list of a few new and choice varieties which we offer for the first time.

Our general line is fully described in our issues of 1922 and 1923; many of our customers no doubt still retain these for reference. Our present ruling price will prevail, regardless of printed price in these older catalogues.

To those not familiar with our Grand Prize Strain Gladioli, we suggest a trial using our special collections. These sets offer a broad range of colors, all high class types at very reasonable figures.

We prepay all postal charges on our Gladioli.

To former customers, one and all, we desire to convey our thanks for your liberal orders. We particularly thank those who have sent us photographs and clippings referring to our varieties placed on exhibition and the many complimentary letters and expressions regarding them. May we merit your further confidence and patronage.

Very truly,

METZNER FLORAL COMPANY

Mountain View, California.

THE WONDER GLADIOLUS, "ROSE ASH"

This beautiful color combination meets with favor in all sections and in all lands.

We have distributed this choice Gladiolus into almost every state of "Our Union," Canada, Australia, China, Japan, Java, Brazil, England, Germany, France, Holland, in fact every portion of the globe will soon be showing "Rose Ash" the beautiful, developed on the premises of the Metzner Floral Co. at Mountain View, selected from numerous seedlings and named by our William Metzner, he creating the combination word, "Rose Ash" from Rose (old rose tones) and Ash (Ashes of roses tones).

The variety was first listed by us and sent out in **bulblet size only** in 1916.

We did not purchase the stock through any outside dealer.

Crossed by hand, by the bees, humming-birds or just Nature's handiwork we pride ourselves on being the introducers of this beautiful Gladiolus to the Flower Lovers of the world.

We have many more beauties of equal or superior merit on our "**Suspension List**" and we hope to produce from our seed crosses many more in the future. Our motto is "**We still lead,**" and we will endeavor to maintain this position.

Our booklets and descriptive matter may be plain and quite ordinary, but remember elaborate catalogues do not always mean superior flowers.

"**Rose Ash**"—An exquisite old rose, blended with ashes of roses; finely fluted and ruffled; wonderful in form and color; a magnetic flower that always attracts the eye. Spikes, tall, straight as an arrow.

Large bulbs, 50 cents each; \$5.00 per doz.; \$35.00 per 100.

RARE VARIETIES WITHDRAWN

The following rare and beautiful varieties, we regret to say, must be withdrawn to replenish our stock which is almost exhausted.

We will book orders for these for November 15, 1924, delivery, and fill orders in rotation as received. We cannot promise full quantity delivery, however. Place your orders without delay. We may be obliged to withdraw some of these varieties entirely, at an early date.

No change in former quotation nor will we advance the price although the intrinsic value and scarcity of these gems would justify doing so.

PLANTING SIZE

Every season we have calls for planting sizes, ($\frac{1}{2}$ to $\frac{3}{4}$ -inch bulbs) these we can furnish this season at one-half the price of large bulbs, where list is 50 cents each and upward. Under this price we supply two of planting size for one. Be sure you order clearly, planting size.

BULBLETS

Some customers wish bulbets of our more expensive varieties. Where price per bulb is 25 cents and up, we will accept orders for bulbets on the basis of one dozen at price of each large bulb. Be sure you order clearly, bulbets.

EXTRA CHOICE MIXTURE

It is quite probable that no other grower of Gladioli makes as many direct crosses and records them as carefully as does our Mr. Metzner.

The ripened seed gathered, is sown in special beds and when in bloom spikes are tagged, recorded as to color, and subsequently bulbs are saved and cured. Many varieties only show their real merit after the second year. Out of 1,000 seedlings, perhaps not over 20 are given consideration and many choice gems are lost. At the end of every season we dispose of the balance and rarely have a surplus.

This season we can offer a limited quantity at the rate of \$5.00 per 100 or \$40.00 per 1,000. Planting size ($\frac{1}{2}$ to $\frac{3}{4}$ -inch) at one-half price quoted.

You may look for some extra choice flowers in this special mixture. Plant 100 bulbs and enjoy 100 days in watching them grow and bloom.

ALL BULBS SHIPPED VIA PARCEL POST PREPAID

GROWERS' SPECIAL OFFER

We have about 50 new and un-named varieties in limited quantity, none of which have ever been sold. These have been well tested for two years or more in our garden and none will register less than XXX and the majority XXXX in quality.

To give them a broader test in various sections and in different soil and climate we will sell a limited number of each for testing purposes at the uniform price of \$1.00 per bulb, large size; or if desired, blooming size ($\frac{1}{2}$ to $\frac{3}{4}$ -inch) for 50 cents each.

These varieties will carry a special number to the customer. Color range is broad and they are classified as Florist (tall); Exhibition (fancy), and Garden (all purpose) types. In ordering you may give preference as to type and color, we will endeavor to satisfy you. It is not unreasonable to say that none of these varieties will be first listed at less than \$1.00 per bulb and very many of them at much higher figures. If for any reason we do not catalogue them at a future period, arrangements can be made to purchase the balance of the stock we may still hold.

Customers exhibiting these new varieties and sending us a brief color description with rating based on their personal observations and the favor they meet with in public, will be rewarded with a special donation of good bulbs next season. Appropriate names, are also very desirable. Co-operating Growers will find it profitable to test these choice Gladioli before our listing them for general sale.
